

---

### *Open the Door to Career Choices*

- Occupational Health and Safety
- Wastewater Treatment
- Hazardous Materials Management
- Emergency Response
- Environmental Science
- Regulatory Compliance
- Law Enforcement
- Waste Site Cleanup
- Water/Soil/Air Sampling
- Environmental Engineering
- Air Pollution Control
- Environmental Law

---

### *Who can apply?*

If you are 18 years or older, or a high school graduate, you can enroll at Southwestern College.

---

### *What does it cost?*

Current fees are \$11 a unit for California residents.

---

### *How do I apply?*

Just fill out an application at the Southwestern College Admission Center at:  
900 Otay Lakes Road  
Chula Vista, CA 91910

While on campus we recommend that you stop by the Counseling Center to schedule an appointment for counseling and placement tests.

---

### *Is financial aid available?*

Yes. A number of programs are available to help you pay for enrollment, books, transportation and other costs. Funds are provided by the federal and state governments in the form of loans, grants and on-campus jobs. Call the Financial Aid Office at 482-6357.

---

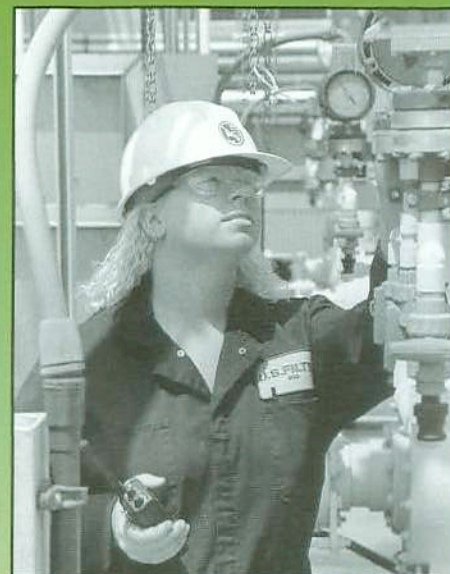

### *Can you help me find a job?*

Yes. We can help you with career counseling, job placement, tutoring, on-campus employment, support services for disabled students, veterans assistance, and health services.

---

Southwestern College is part of the California Community College system, a network of 107 publicly funded two-year colleges. We are fully accredited by the Western Association of Schools and Colleges and approved by The California State Department of Education.

## ENVIRONMENTAL TECHNOLOGY

**The career with a green future.**

**N**ow is the time. Environmental pollution, oil and chemical spills and workplace and community hazards are constantly in the news. California needs highly skilled people to protect our families and our future. If you are seeking a career for the new millennium, or want to refine your existing skills, enroll in Southwestern's Environmental Technology Program.

### *Your Career in Environmental Technology*

Southwestern College is prepared to help you make a difference in your community, in your workplace, and in your life.

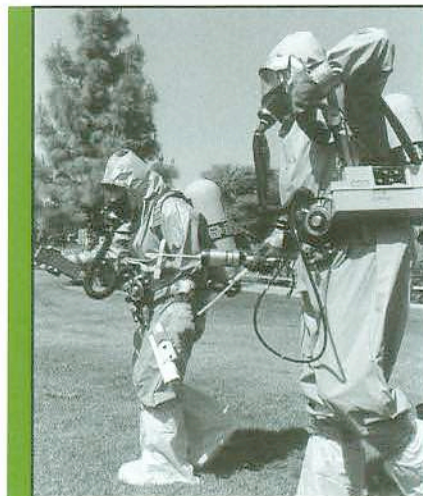

An environmental career has it all:

- **Excellent Pay**  
Environmental industry salaries are very competitive.
- **Job Security**  
There continues to be a demand for skilled employees.
- **Job Satisfaction**  
You'll find fulfillment outdoors, in management, and working with others.
- **Purpose**  
You will help protect your community.

### *New Jobs*

California and the nation need highly skilled technicians and professionals to fill environmental opportunities.

- The environmental services market is \$100 billion and growing fast!
- Pollution control technologies and worker health and safety techniques keep advancing.
- Recycling is a \$60 billion industry.
- Environmental laws are complex and changing.
- The cleanup of contaminated sites is expected to cost \$200 billion annually.
- Companies of all sizes need help complying with worker health and safety regulations.

### *Find Your Future at Southwestern College*

The Southwestern College Environmental Technology Program works with industry, government and the military to provide the up-to-date, hands-on training you need to succeed in this growing career field.

Your educational options:

- Certificate of Achievement
- Associate of Science degree
- Associate of Science degree plus transfer to a four-year university. Ask about our transfer options.

### *Our Faculty*

Environmental Technology faculty are selected from the public and private sectors for their knowledge of environmental management, waste treatment technologies, and occupational health and safety.

Find out how Southwestern College can improve your skills, your opportunities and brighten your future.
